Independent Auditors' Report

To the Members of
College of Pharmacists of Manitoba

Opinion

We have audited the non-consolidated financial statements of College of Pharmacists of Manitoba (the "College"), which comprise the non-consolidated statement of financial position as at December 31, 2025, the non-consolidated statements of revenues and expenses, changes in net assets and cash flows for the year then ended, and notes to the non-consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying non-consolidated financial statements present fairly, in all material respects, the non-consolidated financial position of the College as at December 31, 2025, and the non-consolidated results of its operations and its non-consolidated cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Non-Consolidated Financial Statements* section of our report. We are independent of the College in accordance with the ethical requirements that are relevant to our audit of the non-consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information which comprises the annual report. Our opinion on the non-consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the non-consolidated financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the non-consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

The annual report is expected to be made available to us after the date of this auditors' report. If, based on the work we will perform on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Non-Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the non-consolidated financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of non-consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the non-consolidated financial statements, management is responsible for assessing the College's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the College or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the College's financial reporting process.

Independent Auditors' Report - continued

Auditors' Responsibilities for the Audit of the Non-Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the non-consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these non-consolidated financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ◆ Identify and assess the risks of material misstatement of the non-consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ◆ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control.
- ◆ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ◆ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the College's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the non-consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the College to cease to continue as a going concern.
- ◆ Evaluate the overall presentation, structure and content of the non-consolidated financial statements, including the disclosures, and whether the non-consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

College of Pharmacists of Manitoba
Notes to the Non-Consolidated Financial Statements
December 31, 2025

1. Nature of operations

The College of Pharmacists of Manitoba (the College) was established in 1878. Under the Pharmaceutical Act (the Act), in the Province of Manitoba, it is the body corporate that is responsible to regulate the pharmacy profession. It administers the Act and is responsible for licensing pharmacists and pharmacies, establishing practice standards and Code of Ethics, complaint investigation and discipline, monitoring continuing education of pharmacists and setting qualifications for pharmacy technicians. The College works to ensure pharmacy professionals provide safe and ethical practice and upholds the public interest with respect to the practice of pharmacy. As a not-for-profit organization, the College is exempt from income tax on its earnings under Section 149(1) of the Income Tax Act.

2. Summary of significant accounting policies

These non-consolidated financial statements are prepared in accordance with Canadian accounting standards for not-for-profit organizations. The significant accounting policies used are detailed as follows:

(a) Fund accounting

The College maintains the following separate funds:

The **Unrestricted Fund** is used to record the operating revenues and expenses of the College.

The **Invested in Capital Assets Fund** is used to record the revenues and expenses related to capital assets held by the College.

The **Internally Restricted Fund** is used to reflect funds set aside to cover unanticipated expenses related to, for example, unforeseen legal, renovation and information technology costs.

(b) Investments

Investments are comprised of fixed income and equity securities. Fixed income and equity securities are initially recognized and subsequently measured at fair value. Purchases and sales of investments are recognized, and derecognized, using settlement date accounting. Changes in fair value are included in the statement of operations. Cumulative changes are recognized in the statement of operations when gains and losses are realized through disposition.

(c) Capital assets

Capital assets are recorded at cost. The College provides for amortization using the straight-line method at rates designed to amortize the cost of the capital assets over their estimated useful lives. The annual amortization rates are as follows:

| | |
|--|--------------|
| Office equipment | 5 - 10 years |
| Renovations and leasehold improvements | 15 years |
| Computer hardware | 3 - 4 years |
| Computer software | 3 - 5 years |

College of Pharmacists of Manitoba
Notes to the Non-Consolidated Financial Statements
December 31, 2025

2. Summary of significant accounting policies - continued

(d) Investment in DIA Management Group Ltd.

The College purchased 100% of the outstanding shares of DIA Management Group Ltd. (DIA) on June 30, 2008 for the sole purpose of acquiring the ownership of the land and building located at 200 Taché Avenue in the City of Winnipeg. The investment is recorded using the equity method where income or losses of DIA are recorded in the Statement of Revenues and Expenses with a corresponding adjustment to the cost of the investment.

(e) Revenue recognition

Revenue from pharmacist fees, pharmacy fees, and pharmacy technician fees are typically collected in advance of the subsequent year to which they relate and as such revenue from these fees are recorded as deferred revenue until such time as the related period occurs.

Other income, fines and cost recovery, investment income, grant revenue, and Manitoba Prescribing Practices Program (M3P) revenues are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

(f) Allocated expenses

The College administers the Manitoba Prescribing Practices Program (M3P) under a purchase service agreement on behalf of the Manitoba government. The College allocates certain of its general support expenses to the Manitoba Prescribing Practices Program (M3P) by identifying the appropriate basis of allocating each component of expense, and applies that basis consistently each year in accordance with applicable contribution agreements. Wages and benefits of a designated employee are allocated to M3P at a rate of 60%, and other operating expenses are allocated using predetermined amounts.

(g) Foreign currency transactions

The College has investments denoted in a foreign currency. The College translates all of its foreign currency transactions using the temporal method. Cash and investments are translated at the exchange rate in effect at year end. Investment income is translated at average year rates. Exchange gains and losses are included in investment income.

(h) Contributed materials and services

Contributed materials and services are recognized at their fair value in the financial statements when the amount can be reasonably estimated and when the materials and services are used in the normal course of the College's operations and would otherwise have been purchased.

The College cannot reasonably estimate the number of volunteer hours per year to assist the College in carrying out its governance activities.

College of Pharmacists of Manitoba
Notes to the Non-Consolidated Financial Statements
December 31, 2025

2. Summary of significant accounting policies - continued

(i) Accounting estimates

The preparation of financial statements in accordance with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reported period. These estimates are reviewed periodically and are reported in earnings in the period in which they become known. Actual results could differ from these estimates.

(j) Financial instruments

The College recognizes its financial instruments when it becomes party to the contractual provisions of the financial instrument.

Financial instruments are initially recorded at fair value with subsequent reporting at amortized cost, with the exception of equity securities quoted in an active market, which are subsequently measured at fair value. Changes in fair value are recognized in the statement of revenues and expenses.

Unless otherwise noted, it is management's opinion that the College is not exposed to significant credit or liquidity risk arising from its financial instruments.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The College is exposed to currency risk through its holdings of foreign securities within the marketable securities portfolio.

Interest rate risk is the risk that the value of a financial instrument might be adversely affected by a change in the interest rates. In seeking to minimize the risks from interest rate fluctuations, the College manages exposure through its normal operating and financing activities. The College is exposed to interest rate risk primarily through its marketable securities portfolio.

Price risk refers to the adverse consequences of changes in market prices in the College's cash flows, financial position and revenue. This risk arises from equity securities which have similar characteristics or obey similar variations relating to economic or political conditions. The College is exposed to market rate risk as it holds significant investments in equity securities which are traded in an active market.

Management believes these risks are manageable and do not represent a threat to the College's ability to continue as a going concern.

College of Pharmacists of Manitoba
Notes to the Non-Consolidated Financial Statements
December 31, 2025

3. Marketable securities

| | <u>2025 Cost</u> | <u>2025 Market</u> | <u>2024 Cost</u> | <u>2024 Market</u> |
|--------------------|----------------------|------------------------|----------------------|------------------------|
| Common shares | \$ 1,971,914 | \$ 1,974,644 | \$ 622,582 | \$ 629,034 |
| Fixed income | 1,401,000 | 1,410,221 | 1,596,927 | 1,592,418 |

| Computer software | 31,861 | 42,727 | 35,786 |
| | <u>\$ 58,475</u> | <u>\$ 90,820</u> | <u>\$ 64,967</u> |

College of Pharmacists of Manitoba
Notes to the Non-Consolidated Financial Statements
December 31, 2025

5. Due from (to) DIA Management Group Ltd.

The amounts due to DIA Management Group Ltd. arose from cash advances. The advances bear no interest, are unsecured and have no repayment terms.

During the year, the College paid \$12 (2024 - \$12) in rent to DIA Management Group Ltd. This transaction is in the normal course of operations and is measured at the exchange amount agreed to by both parties.

During the year, the College received dividends totalling \$668,059 (2024 - \$Nil) from DIA Management Group Ltd.

6. Investment in DIA Management Group Ltd.

DIA Management Group Ltd. (DIA) is a wholly-owned subsidiary of the College. DIA was incorporated under the Corporations Act of Manitoba on March 26, 1991. Its only business activity is the ownership of the College of Pharmacists of Manitoba building, 200 Taché Avenue, Winnipeg, Manitoba. DIA has not been consolidated in these financial statements. The College accounts for its investment in DIA using the equity method where the share of income or loss is recorded as part of the cost of the investment.

Financial summaries of this non-consolidated entity as at December 31, 2025 and December 31, 2024 and for the years then ended are as follows:

| | <u>2025</u> | <u>2024</u> |
|--------------------------|---------------------|-------------------|
| Financial position | | |
| Total assets | \$ 613,063 | \$ 673,474 |
| Total liabilities | <u>(115,103)</u> | <u>(615,317)</u> |
| Shareholder's equity | <u>\$ 497,960</u> | <u>\$ 58,157</u> |
| Results of operations | | |
| Total revenue | \$ 959 | \$ 12 |
| Total expenses | (118,411) | (1,649) |
| Gain on sale of building | <u>1,225,314</u> | <u>-</u> |
| Net income (loss) | <u>\$ 1,107,862</u> | <u>\$ (1,637)</u> |

During the year, DIA sold the building at 200 Taché Avenue. The College intends to wind up DIA and transfer DIA's remaining assets to the College in the subsequent year.

Management evaluated the carrying amount of the investment in DIA for impairment. Based on DIA's remaining net assets and the absence of significant ongoing operations, management determined that the decline in value was other than temporary. Accordingly, the investment was written down to DIA's underlying net book value at year-end.

An impairment loss of \$865,190 (2024 - \$Nil) was recognized, reducing the carrying amount of the investment to \$497,960.

College of Pharmacists of Manitoba
Notes to the Non-Consolidated Financial Statements
December 31, 2025

7. Internally restricted

The College has internally restricted net assets totalling \$900,000 for legal services, building and property sustainability and information technology/data management sustainability.

8. Commitments

The College has an operating leases for mailing equipment and services agreements for data management and proctoring services. The College's minimum payments in 2026 are \$59,737.

During the year, the College entered into multiple two-year consulting agreements. The cost of these services in 2026 are not to exceed \$267,335.

During the year, the College entered a lease agreement for office space. The lease expires October 31, 2040, with two renewal options of five years each. The minimum lease payments for the next five years are as follows:

| | | |
|------|----|--------|
| 2026 | \$ | 94,872 |
| 2027 | | 94,872 |
| 2028 | | 94,872 |
| 2029 | | 94,872 |
| 2030 | | 96,501 |
