

Consultation Overview

Proposed Changes to the Electronic Transmission of Prescriptions Practice Direction and the Manitoba Prescribing Practices Program (M3P)

Background

Since the summer of 2021, the College of Pharmacists of Manitoba (CPhM) has been working closely with the College of Physicians and Surgeons of Manitoba (CPSM), and other regulatory Colleges to review many aspects of prescribing-related legislation and Standards of Practice.

This review has been brought to the forefront by the COVID-19 pandemic, the advent of virtual medicine, and the increasing number of new modalities and technologies available for prescribing. Through this collaborative work, changes to joint Practice Directions and the Manitoba Prescribing Practices Program (M3P) have been proposed.

This consultation provides an opportunity for all registrants and other interested parties to provide feedback, which will inform the Council's final decision-making process.

The Amendment(s)

*Please note the highlighted **Share Your Voice** section at the bottom of each amendment for guidance and direction on providing feedback relevant to the topic areas.

CPhM is seeking feedback on the following:

1. [Allowing Transfers of CDSA Prescriptions](#)
2. [Revised Joint Practice Direction on Electronic Transmission of Prescriptions](#)
3. [Repealing the Joint Statement on Prescribing Practices: Doctor/Pharmacist Relationships](#)
4. [Replacement of the Personalized M3P Paper Pads with Standardized Templates](#)
5. [Addition of Codeine Products to the List of Drugs Covered under the M3P](#)
