

Consultation Overview

Background

The College of Pharmacists of Manitoba (CPhM) is seeking feedback from registrants on proposed updates to new and existing **Practice Directions and Guidelines**. These updates reflect emerging pharmacy practices, regulatory changes, and efforts to improve clarity and patient safety.

CPhM regularly reviews its regulatory documents to ensure they align with best practices, legislative requirements, and the evolving needs of pharmacy professionals and the public. The proposed updates aim to:

- Provide clear guidance to pharmacy professionals.
- Enhance patient safety and accessibility of pharmacy services.
- Align with regulatory and legislative changes.

Your input is essential to ensure these documents remain practical and effective in supporting pharmacy practice. This consultation is open until 4:30p.m. on **April 27, 2025**. We encourage you to review the proposed changes and submit your feedback via email to feedback@cphm.ca.
