

Staff Contacts for College of Pharmacists of Manitoba (CPhM) Registrants

Please be mindful that CPhM receives a large volume of enquiries through voicemail and email. CPhM staff strive to respond to phone and email messages within 1-3 business days. It is always our intention to respond as promptly as possible. **Please note**, all voicemail messages are automatically transferred to email for review. If your question or situation is an urgent matter **related to direct patient care**, please call 204-233-1411 and press 220 to speak with reception.

For all other non-urgent matters, **email remains the best method for contacting the CPhM**. Please review the staff directory below to find the staff person that best matches your question or concern. If you do not see a good match, please send your question or concern to info@cphm.ca.
