4. To develop specific actions required, if any, to address areas for Registrar/CEO support, improvement or development.
5. To provide recommendations for Registrar/CEO compensation.

The Registrar/CEO performance evaluation is made up of systematic assessment of performance measured by the following components:

3. Leading organizational operations.
4. Leadership effectiveness in building collaboration and achievement across the CPhM.

The principles underlying the annual Registrar/CEO Performance Evaluation include:

2. The Council will perform a factual, logical and objective assessment of the Registrar/CEO's performance against the criteria listed above.
3. The annual Performance Evaluation will be coordinated and prepared by the Executive Committee with input from all Council Members.
4. The Council will seek broader stakeholder input based on an evaluation tool mutually agreed upon by the Registrar/CEO and Executive Committee every five years.
5. The process is designed to be a constructive performance development experience.
6. The Council is committed to regular, on-time performance evaluation.
7. There should be no surprises at the annual performance evaluation discussion.

The Process

The Executive Committee will conduct an annual Performance Evaluation of the Registrar/CEO based on a mutually agreed upon evaluation tool throughout the year and through an annual performance evaluation summary following the end of the year.

Data Sources

Information sources used by the Executive Committee for this evaluation include:

- The Registrar/CEO's self-evaluation written report/verbal presentation to the Executive Committee including his/her assessment of achievement of annual targets in the plan.
 - Includes the regular Registrar/CEO's report from all Council meetings.
- Summary input from all individual Council Members.

Note: In years of broader consultation, a larger number of data sources may be used including:

- Feedback from volunteers, committee members, staff, members, etc.
- Other stakeholders (e.g., peer organizations, government).

The questions used for this broader consultation will always be focused on specific questions that have been mutually developed by the Registrar/CEO and Executive Committee, for which specific stakeholders are qualified and have relevant knowledge to address. The questions will focus on achievement of the College mandate, organizational Strategic Plan priorities, Registrar/CEO position description and relationships with stakeholders.
